Invitation Letter

The Research Institute of Asian Women (RIAW) of Sookmyung Women's University is holding the RIAW International Conference on "Women and Gender in Science & Engineering" on 3rd November 2016.

The conference aims to highlight academic and critical issues on "women and gender in science & engineering". Leading scholars and researchers from the USA, Germany, the Philippines, Hong Kong, Japan, India, Taiwan and Singapore, will give interesting and provoking presentations about gender perspectives and gender innovation case studies in the field of science and engineering, and encourage gender equality in this field. This conference will provide a great opportunity to discuss women and gender issues in science and engineering.

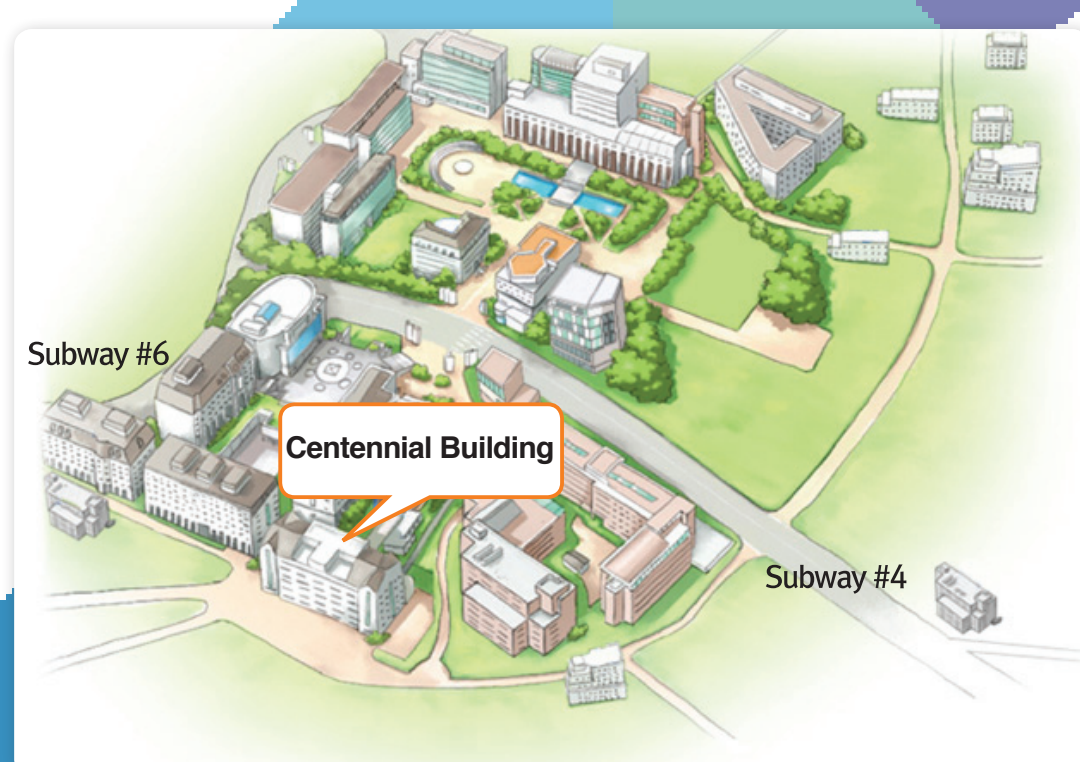

We sincerely hope that you will attend and share your ideas with internationally-known presenters. We look forward to meeting you.

Best regards,

So-Jin Park, Ph. D.
Director, Research Institute of Asian Women
Associate Professor, Division of English Language & Literature
