

AEPSE2021

The 13th Asian-European International Conference on Plasma Surface Engineering

Sept. 26 (Sun) to 30 (Thur), 2021

**BEXCO
(Exhibition & Convention center)
Busan-City, Republic of Korea**

Supported by

“Call for Abstracts”

All authors are cordially invited to participate in the AEPSE2021 conference. Please visit our website for more details:

www.aepse.org

Organizer & Co-organizers

Organizer

Asian Joint Committee for Applied Plasma Science and Engineering (AJC-APSE)

Co-organizers

Korean Institute of Surface Engineering

European Joint Committee for Plasma and Ion Surface Engineering (EJC-PISE)

Chairs

Conference Chair

Wonho Choe (Korea)

Conference Co-Chairs

Masaharu Shiratani (Japan)

Jaroslav Vlček (Czech Republic)

Pung Keun Song (Korea)

International Program Committee Chair

Jang-Hee Yoon (KOR)

International Organizing Committee Chair

Myeong Hoon Lee (KOR)

Local Organizing Committee Chair

Sungmo Moon (KOR)

Important Dates

Abstract Submission Deadline **April 30, 2021**

Notification of Abstract Acceptance **May 30, 2021**

Early bird Registration Deadline **July 30, 2021**

Program Notification and Website Loading **July 30, 2021**

Registration fees

Early Bird Registration

Regular member US\$ 650

Regular On-line presentation and participation US\$ 350

Student US\$ 250

Student On-line presentation and participation US\$ 150

Retired member US\$ 200

On-site Registration and Late Registration after Early Bird Registration Deadline

Regular member US\$ 750

On-line presentation and participation US\$ 450

Student US\$ 350

On-line registration and participation US\$ 300

Retired member US\$200

Conference Banquet

Regular member US\$ 55

Student US\$ 30

Retired member US\$ 30

Accompanied person US\$ 55

The 13th Asian-European International Conference on Plasma Surface Engineering

Scope for AEPSE 2021

- Fundamental for Plasmas, Films and Coatings
- Plasmas, Ion Sources and Processes
- Functional Films and Coatings for Microelectronics, Optoelectronics and IoT electronics
- Tribological and Protective Coatings
- Advanced Surface Engineering
- Green Energy and Environment
- Bio, Medicine, Agriculture and Life Science
- Analysis and Evaluation of Films and Coatings
- Industrial Technology and Applications

Awards

K-T Rie Award, Young Scientist Award, Student Awards

Industrial Exhibition with UNOPS

Special Industrial exhibition will be held with the UNOPS (www.unops.org)

Topic: Healthcare & Advanced Surface Engineering
Number of Exhibitions: 150 ~ 200 companies in Korea and foreign countries

- The United Nations Office for Project Services (UNOPS) is an operational arm of the United Nations, dedicated to implementing projects for the United Nations System, international financial institutions, governments and other partners around the world.
- UNOPS implements more than \$2 billion worth of peace and security, humanitarian and development projects for its partners every year, operating in more than 80 countries. Its activities have ranged from managing the construction of schools in Afghanistan, to building shelters in Haiti, to procuring ambulances to support the Ebola response in Liberia.

Exhibition & Sponsorship

The organizing committee of AEPSE2021 cordially invites sponsors of various exhibitions from industries and institutions. For more information, visit www.aepse.org

Events & Excursion

Conference Banquet
Academy-Industry Network Evening
Busan Culture & Nature Excursion
